

SOCIAL NAIL CARE PRODUCTS

Due to the growing demand for Social Nail Care products we have a specialist range of instruments developed for single patient use.

Our Snippy Nail Cutters offer the same high levels of quality that you have always expected from Timesco, but are made from a lower specification steel as they are not designed for repeated autoclaving. Steel specification, a simpler spring mechanism and large manufacturing batches allow us to produce these at very economical prices.

Due to their intended use, all items listed are excluded from our lifetime guarantee.
